

Auto Manufacturer Cleans Up Production by Switching to Buckhorn

The Buckhorn Extended Length Bulk Box is ideal for larger or uncommonly shaped items.

**Customer:**

Electric Automotive Manufacturer

Traditional Packaging:

Wood Crates

Customer Pain Points:

- Single use container costing \$3.8M annually
- Tools required to open and close with excessive manual labor
- Wood fibers and splinters left in container causing contaminates in high value products
- Payoff in under 6 months

Winning Product Solution:
